Appeal to all the wildlife conservationists and philanthropists

Dhartee Development Society, a non-government organization, in collaboration with the UNDP Global Environment Facility (GEF) Small Grants Programme has taken initiative to save worldwide threatened Vulture species in Sindh, Pakistan. In this regard, the DDS has launched a unique Vulture Restaurant project near Nangar Parkar, the only natural habitat found recently, and providing meat to birds. Trained staff with veterinary parashioners has been hired to take care of nests and breeding of the bird.
